About Town

Event Studio of Dallas is also now Event Studio Kansas City. Owner and wedding/chi chi event planner **Mandy Phalen** is adjusting nicely, thank you. "I've met so many great people in just a few months in town. I can see why so many folks — event transplants like me — fall in love with this town." Phalen is thus far succeedin' in this cowtown, having wrangled a handful of weddings already this year with out-of-the-box ideas like cigar rollers onsite and personalized wedding logo creation.
